### CLCA East Bay Chapter Contractor's Honor Code

The CLCA East Bay Chapter exists to support Contractor's AND their employees. To successfully meet this objective, and encourage the involvement of all levels of the landscape industry, the Board of Directors is committed to supporting the following Contractor's Honor Code:

The solicitation, recruitment of, or attempt to hire another Contractor's employees while attending any CLCA function is strictly prohibited.

## president's message

# Summer Fun

Leeanna Schoeder

CLCA East Bay Chapter President

Summer is here... and then it's gone! It seems like summer gets shorter every year. Back to school, and even Halloween, items are already appearing in the stores, and schools will be starting up soon. So much for Labor Day being the end of summer.

The East Bay Chapter is not going to let summer slip away just yet. We will be celebrating the dog days of summer later this month with our annual Battle of the Bay baseball outing on Saturday, August 24 (see page 3). Make plans to join your fellow chapter members and their families for this fun night out. Thank you to our partner Ewing Irrigation who, once again, will be hosting the pre-game BBQ in the parking lot. They always put on a great spread. Don't miss this evening out with the East Bay chapter.

Our sister chapter across the bay has invited all East Bay chapter members to the SFBA Chapter Golf Tournament next month on Tuesday, September 17, at Spring Valley Golf Course in Milpitas. This is a great opportunity to network with your peers across the bay and enjoy a day on the links. See page 1 for info.

Summer temperatures are heating up, and despite all the winter rains, we must all continue to be mindful of our water use in the landscape. The Ruth Bancroft Garden in Walnut Creek has put together a Dry Garden Design symposium in October. Learn from the experts how to create and maintain beautiful gardens in a dry climate. See page 3 for more information, or visit their website at [ruthbancroftgarden.org](http://ruthbancroftgarden.org).

Our chapter leaders will be meeting this month on August 8 to make plans for the chapter moving forward. I encourage all members to join us and/or become involved with the chapter board of directors. We are always interested in seeing new faces and hearing new ideas on how our chapter can better serve the membership. If you can't make the planning meeting, join us at an upcoming board meeting. We are also looking for people interested in joining the board next year. If you would like more information on what this involves and what positions may be open, please give me a call or talk with one of our current board members listed to the left of this column.

The CLCA Annual Convention is fast approaching and will be just up the road in South Lake Tahoe November 13-16. This is a great opportunity to learn more about your association and rub elbows with members from all over the state, without a lot of travel expense. Visit [www.clca.org](http://www.clca.org) for more information.

I hope you are all enjoying a busy and productive summer.

## Dry Garden Design

### The Continuing Legacy of the Ruth Bancroft Garden

October 26 - 27, 2019

Join leading horticulturists, landscape designers, and conservation and preservation experts at this special two-day symposium reflecting on the range and breadth of Ruth Bancroft's legacy in dry garden design. The lessons learned from Ruth's plant choices and gardening practices are increasingly vital to our relationship to the land we occupy and to garden design for the future. A must for Bay Area landscape designers, horticulturalists, and avid home gardeners alike.

## Supplier Spotlight: Delta Bluegrass Co.

Delta Bluegrass Company, located in Stockton, is celebrating 40 years of producing and installing the highest quality peat and sand grown turf the industry has to offer.

Delta Bluegrass listens and responds to the demands of the market, consistently investing time and resources into Research and Development programs. This effort has enabled the company to provide innovative products, including the Bolero™ line and exclusive California Native Sod blends.

Delta's California Native Sod program offers six different varieties, including Native Bentgrass™ and Delta Grassland Mix™, which were cultivated to be the first native lawns that withstand well-timed mowing for urban landscape areas. For bioswales, roadsides, medians, irrigation canals, erosion control, and environmental mitigation areas, Delta's team developed

Native Mow Free™, Biofiltration Sod™, Delta Native Heartland Sod™, and Native Preservation Mix™. The program also offers a custom-grow option for large-scale projects.

These species stay green year-round if irrigated, using up to 50% less water than traditional cool season turfgrasses. In non-irrigated applications, most native sod blends will establish and actively grow during the wet season. They will go dormant during the summer, becoming golden summer fields and then green-up in the fall to become beautiful cool season meadows.

Delta's daily deliveries mean you can order today, with sod harvested tomorrow and delivered to you the next day, assuring customers of the freshest product and the best chance for planting success of these native varieties.

Jeff Henninger has been a representative with Delta Bluegrass Company for seven years and was named the Associate

Member of the Year at the CLCA State Convention in 2015.

Jeff has been married to his wife Donna for nearly 30 years. They live in Pleasanton and have two adult children, Shane and Nicole. Jeff served in the U.S. Navy for six years. When he's not working, you can find Jeff traveling, golfing, skiing, playing or refereeing soccer, and spending time with his family. Next time you see Jeff, thank him for his support of the CLCA East Bay Chapter.

## Heat Warning!

### Proactively Protect Workers to Avoid Cal/OSHA Citation

As temperatures soar this summer, Cal/OSHA safety inspectors will be blanketing California to ensure that job sites are complying with “high heat” procedures to protect outdoor workers.

Review the information and regulation links in the text below to be sure you are up to date on compliance requirements.

In addition to the basic steps outlined by California’s heat regulations for employers with outdoor workers, Cal/OSHA warns that heat above 95 degrees Fahrenheit requires additional precautions.

Among other measures, it is crucial that workers are actively monitored for early signs of heat illness. This helps ensure sick

employees receive treatment immediately and that the symptoms do not develop into serious illness or death.

“During heat waves and whenever temperatures reach or exceed 95 degrees, employers must take additional steps to monitor workers for signs and symptoms of heat illness,” said Cal/OSHA Chief Juliann Sum. “Water, rest and shade can protect workers from the heat.”

California’s heat regulation requires employers to protect outdoor workers by taking these basic steps:

- Train all employees and supervisors about heat illness prevention.
- Provide enough fresh water so that each employee can drink at least 1 quart, or four 8-ounce glasses, of water per hour, and encourage them to do so.
- Provide access to shade and encourage employees to take a cool-down rest in the shade for at least 5 minutes. They should not wait until they feel sick to cool down.
- Ensure that emergency medical services can and will be summoned when an employee feels sick or exhibits signs of heat illness, such as nausea, exhaustion or mental confusion.
- Develop and implement written procedures for complying with the Cal/OSHA Heat Illness Prevention Standard.

Online information on the heat illness prevention requirements and training materials can be obtained at

<https://www.dir.ca.gov/DOSH/HeatIllnessInfo.html>

# RESCAPE Maintenance Qualification Training

September 19 & 20, October 3 & 4, 2019

9:00 AM – 4:30 PM

(Oct. 4: 8:30 AM - 4:30 PM)

Oakland, CA | Cost: \$575

Registration is now open for the next Maintenance Qualification Training offered by ReScape California. Based on ReScape's 8 Principles, this training provides landscape maintenance professionals with practical tools to manage healthy landscapes, protect local watersheds, and address our changing climate. Learn about regenerative landscape practices from leading experts in soil health, irrigation, plant care, integrated pest management, and more.

To become a ReScape Qualified Professional, program participants must

attend all four classes, complete and pass the final exam, and complete the final practicum field day. CEUS available.

The course provides landscape maintenance professionals with:

- An understanding of ReScape's ecologically based, comprehensive approach to the management of public and private landscapes
- Knowledge of the effects of landscape maintenance practices on the health of our communities, watersheds and the San Francisco Bay
- Knowledge of habitat restoration, local plant communities and the benefits to biodiversity
- Hands-on experience with practical, effective techniques such as sheet mulching to transform lawns into 8 Principles landscapes
- An understanding of the global connections between soil health, waste

management, water conservation, air and water quality, greenhouse gas reductions, urban forestry and carbon sequestration

- A competitive advantage in the professional landscape maintenance marketplace

Please read the ReScape California Training & Qualification Program Policies at [rescapeca.org/event/maintenance-training/](http://rescapeca.org/event/maintenance-training/) prior to registering for the course.

# Now Accepting Entries. Trophy Awards

Entries are now being accepted for the 2019 CLCA Trophy Awards.

Congratulations to the East Bay Chapter Beautification Award winners! Now that you've received local recognition for your great work, consider entering those projects in the statewide Trophy Awards Program. Entries are due August 15, 2019.

The Trophy Awards is a celebration of excellence in landscaping. The California Landscape Contractors Association presents the Trophy Awards to:

- Recognize professionals who produce outstanding landscapes
- Create pride in superior workmanship
- Bestow public recognition on companies, institutions, municipalities and residents for their interest in a beautiful California.

The awards will be presented on the evening of November 15, 2019, at the Lake Tahoe Resort Hotel, South Lake Tahoe on the last evening of the 2019 CLCA Annual

Convention.

For more information on the awards and to download an entry form visit [clca.org/events/events-calendar/trophy-awards/](http://clca.org/events/events-calendar/trophy-awards/)

## Learn! Engage! Relax! Enjoy!

Plan now to make your way to the top! Mix play with work as this year's convention focuses on the inspirational and practical knowledge you need for cultivating your team and propelling your business ahead and will be held at the Lake Tahoe Resort Hotel November 13-16. This is an excellent opportunity to see how your association works, meet fellow contractors and vendors from around the state and to take part in the governance of your association at the General Membership meeting.

To make hotel reservations, call (530) 544-5400 and use group code CLCA.
